

3rd JOINT EUROPEAN HOSPITAL CONFERENCE

PROGRAMME

19 NOVEMBER 2015

3rd EUROPEAN HOSPITAL CONFERENCE

- > Patient-Oriented Hospital Care in the Future
- > Patient-Oriented Hospital Care in Practice

MESSAGE OF GREETING

Putting patients at the centre of health services is one of the most important factors shaping future EU health systems. This year's European Hospital Conference presents an important occasion to debate the patient's role and to share experience on how Europe's hospitals can enable patients to be active partners in the care delivery process.

This conference will no doubt contribute to our understanding on what barriers still exist and on what can be done to move further towards more innovative and collaborative models of health professional-patient interaction.

I wish the European Hospital Conference every success!

Vytenis Andriukaitis

European Commissioner for Health and Food Safety
