AEMH 05/051

- The AEMH welcomes on the 58th plenary Meeting in Athens all efforts to harmonize medical education in Europe, but urges national governments and the EU not to include medical education into the two cycle Bachelor/Master process according to the Bologna declaration

Bullet point 1

- The national delegations have, in the name of the AEMH, to inform national authorities on the specific problems the Bologna Process means for medical education.

Bullet point 2

- The national delegations have to convince national authorities that exceptions has to be made regarding the Bologna process for medical education. The Bachelor examination has to be abolished. Medical studies shall be a one string finalized with the Degree of Master of Science in Medicine.

Bullet point 3

- The board has to lobby in Brussels for the creation of an Advisory Committee on medical studies and training which should be organized and financed by the European Commission.

Bullet point 4

- The board has to convince the European Commission that the medical profession needs their own Bologna process created for the special needs of the medical profession.
