Document :	AEMH 22-010
Title:	Treasurer's Report 2021 / budget proposal 2022
Author :	Karin Båtelson, AEMH treasurer
Purpose :	Information
Distribution :	AEMH Member Delegations
Date :	9 May 2022

It is with a great pleasure that I present my first proposed budget as treasurer of AEMH,

I will first thank Dr João Grenho for his excellent work during these years as treasurer which have ensured the finances and accounts in perfect order.

The pandemic has prevented us from usual activity for some years now to and we really hope that the usual activity with attending meetings and other political advocacy this year will go back to business as usual. It is with great pleasure we now finally really meet at this year's General Assembly, provided by the great hospitality of the Österreichische Ärztekammer.

The surplus generated during these years is very valuable in the context of the start of the AEMH project, the European Clinical Leadership Academy, which is expected to hold its first exam and award its first fellowships during 2022.

Other circumstances for the proposed budget are:

-AEMH is well represented at all necessary European events and we plan that travel costs will go back to budgeted values.

-Office costs will also maintain as budgeted and the well-established practice of common secretariat shared with FEMS continues both professionally and financially.

- AEMH maintains a significant amount of money placed on the saving account, not blocked in any long-term contract with the bank since 2012.

It is with ease at heart I take on the position as new treasurer of AEMH with this very stable financial situation. This enables us to look at the future with optimism and to rely on our financial reserves to fund our projects, mainly the Clinical Leadership Academy but also other important political advocacy.

The budget for 2022, submitted to the plenary, is similar to last year's with the expectation that 2022 will finally be a year that things come back to normal and that AEMH will be able to resume its activities without major constraints.

I invite you to kindly support this proposal.

Karin Båtelson
AEMH Treasurer
