AEMH President

Lisbon 11/4/2024

**Re.: Nomination of the candidature of Dr. João de Deus for the position of AEMH President**

Dear President

On behalf of Portuguese medical Association (PMA) I would like to present the candidature of Dr. João de Deus to the position of AEMH President, for the next mandate.

Dr. João de Deus is Director of International Department of PMA and current president of FEMS, whose mandate will end this year.

His experience and knowledge of International and European medical affairs are very well recognized by the different European Medical Organizations.

Also his commitment as Board member of the EACL - European Academy of Clinical Leadership (AEMH main project) has contributed a lot to the success of the Academy.

For all these reasons we submit his candidature being sure he can continue to fulfill the principles and goals of AEMH.

We thank very much to consider his candidature and are grateful in advance.

With my best regards

Dr. Carlos Cortes  
President

Portuguese Medical Association
